LiveText Policy:

Effective January 1, 2013, Cardinal Stritch University requires all students to have a current LiveText subscription (student subscription assessment software) as part of the required texts to assist with student learning outcomes assessment for accreditation purposes and continuous improvement of the student experience. LiveText will allow students to create a portfolio of work that highlights their own growth and improvement in key student learning outcomes specific to their major course of study.

All students will be required to purchase a 5-year subscription when they begin their studies at Cardinal Stritch University. For the Colleges of Arts and Sciences, Education and Leadership, and Nursing, it is the student's responsibility to purchase the license for LiveText. For the College of Business and Management students, the LiveText license is part of the book fee.
