APPLE SETUP FOR STRITCH EMAIL (iOS 7)

1. Verify that you are connected to the Wolfnet wireless system on your Apple device, or have a valid internet connection (3g/etc.)

2. Under the Settings tab select **Mail, Contacts, and Calendars**. Then select **Add Account**.
3. Select **Exchange.com** for the email type.

![Image of Add Account screen showing Exchange.com option]

4. Enter your Stritch information.

**Note:** you@stritch.edu is an example; enter your own stritch.edu email address.
5. Select the items you wish to sync (Mail/Contacts/Calendars).

You should now be able to view your Stritch email on your Apple device. Any message that you mark as read on the server will auto update on your device and vice versa.

User Support Services technicians can be contacted by calling the Cardinal Stritch University Help Desk at 414.410.4600 or you may submit an email to support@stritch.edu.
