**PART C
MAJOR REQUIREMENTS SUMMARY**

Bachelor of Science in Criminal Justice

The BS in Criminal Justice at Cardinal Stritch University bridges crime and punishment and the social sciences. Stritch manages this combination through an interdisciplinary, liberal arts-rooted program that incorporates theory, practice, and values. Stritch understands the role of a complete and contextual understanding of social life in the dispensation of justice, and the curriculum connects social theory, qualitative and quantitative research and analytical methods, and an understanding of contemporary, cutting-edge issues within the justice system. Attention to the Franciscan Values brings an understanding of the importance of servant leadership and community. Criminal Justice at Stritch provides students with a well-rounded education that positions students competitively for an immediate career or further study in the field.

The major in Criminal Justice totals 45 credits, divided into a sociology core (6 credits), a criminal justice core (15 credits), methods and statistical analysis (9 credits), fieldwork/internship (3 credits), and electives (12 credits). AAS degree completers may expect at least 18 credits to transfer into the major, possibly more based on individual transcript variations. NOTE: As this curriculum is still under development, some course numbers have yet to be established or are subject to change.
